

Voters with Disabilities

Did You Know?

Every polling place in Tennessee is equipped with an accessible voting machine that allows voters with disabilities to vote independently and privately.

What if I Want Assistance When Voting?

Voters have the right to have anyone of their choice, except a candidate or poll watcher, assist them during the voting process. If you want assistance, please ask any election official during the voting process.

What if I am a Voter With a Disability Who Does Not Have an Acceptable Photo ID?

- Any person with a physical or mental disability that substantially limits one or more life activities and who does not have a Tennessee driver license may obtain a free photo ID.
- To obtain this free photo ID, you must take a letter from a Tennessee physician verifying your disability and a document that verifies your identity to a participating driver service center.
- For questions regarding what documents are acceptable to verify one's identity, call the Department of Safety at 1-866-849-3548.

Need More Information?
